ANZ AND THE SDGS

On 1 January 2016, the United Nations Sustainable Development Goals (“**SDGs**”) came into effect. The 17 goals and 169 targets are aimed at solving the world’s most pressing challenges; ending global poverty, protecting our planet and ensuring human rights by 2030.

ANZ is committed to the SDGs, which we consider to represent an opportunity for business-led solutions and technologies to be developed and implemented. In recognition of the important role business will play in achieving the SDGs, ANZ ’s CEO Shayne Elliott joined over 30 leaders from the Australian business community to sign a public CEO Statement of Support for the Goals in September 2016.

Since then, we have sought to better understand the SDGs and the linkages to our business. Since 2016 we have mapped our material issues and ESG targets to relevant SDGs, which are made public as part of our ESG reporting. Additionally, in 2019 we became a founding signatory to the UN Principles for Responsible Banking.

ANZ’s commitment to the SDGs is further highlighted by our issuance of SDG bonds and associated Use of Proceeds and Impact reporting, in addition to our regular ESG reporting. Through the ongoing management of our SDG Bond program, ANZ aims to be a leader in assisting the ongoing development of sustainable capital markets.

ANZ SDG BOND FRAMEWORK

The Framework was developed in line with the International Capital Market Association’s (“**ICMA**”) [Green Bond Principles \(“**GBP**”\)](#), [Social Bond Principles \(“**SBP**”\)](#), and related [Sustainability Bond Guidelines \(“**SBG**”\)](#). ANZ recommends that this report be read in conjunction with the full version of the Framework, most recently updated in August 2020, which is available on the ANZ Debt Investor Centre [website](#).
