For Release: 3 November 2022

ANZ Cashrewards and instalment plans launches in App

ANZ today announced Cashrewards and ANZ Instalment Plans are now live in the ANZ App.

Customers can access our new Cashback Offers feature, powered by one of Australia's leading cashback programs, Cashrewards, in the ANZ App for iPhone and Android users.

Group Executive Australia Maile Carnegie said: "We know that customers are looking for ways to boost their savings and with Cashrewards, customers receive a flexible, tangible reward for their current spending behaviour – on top of the great benefits they're already receiving from their ANZ credit and debit cards.

"We have also introduced ANZ Instalment Plans for eligible credit card customers which allows them to put some or all of their purchases balance onto an Instalment Plan and repay it in smaller monthly chunks.

"Customers can choose from a three, six or 12-month repayment term, all conveniently set up and managed within the ANZ App.

"Aligning to ANZ's financial wellbeing focus, the Cashback Offers feature helps our customers make the most of their money and our new ANZ credit card Instalment Plans gives them greater control and flexibility over future repayments and provides a simple money management tool," Ms Carnegie said.

Visit [ANZ Cashrewards](#) to find out more information and cashback offers. For more information about our credit card Instalment Plans visit anz.com.au/promo/personal/credit-cards/instalment-plans/
