ANZ supports customers affected by floods

ANZ today announced customers and businesses impacted by recent floods in Victoria, New South Wales and Tasmania will have access to a financial support package to help them begin their recovery.

As parts of Australia's East coast have faced heavy rain this week, ANZ is offering immediate financial help for customers who have been affected by flooding.

A range of financial support measures are available for ANZ customers affected by the floods, including:

- Short-term payment relief on home loans, credit cards, personal loans and some business loans (we may still charge you interest during that period)
- Waiving fees for restructuring business loans
- Waiving fees for accessing term deposits early

ANZ General Manager Victoria and Tasmania, Cameron Home said: "The recent wide-spread flooding across Victoria, New South Wales and Tasmania has impacted many homes and businesses and at this time it is important for people to continue to monitor the ongoing situation and stay safe."

"We recognise there are challenges ahead and we are here to offer immediate financial help to our customers in what is a very difficult time."
